

PANAMA CANAL CONTRACT AWARD

In Spite of Adverse Influence it
Will be Made to William
D. Oliver.

PRESIDENT DECIDES MATTER.

Endeavor Was Made to Have All Bids
Rejected and Advise for
New Proposals.

Washington, Jan. 27.—Following a conference at the White House tonight, it was officially announced that the contract for building the Panama canal would be awarded to William D. Oliver, who, with Anson M. Bangs, was the lowest bidder in the recent competition, provided that within the next 10 days he associates himself with at least two independent contractors whose skill and experience, combined with his own, shall cover the entire field of the work to be performed under the contract.

The official announcement tonight confirms the Associated Press statement of last Friday night. President Roosevelt then took the position that since Mr. Oliver had met all the requirements of the government, it would be unjust to reject his bid of 6.55 percent of the construction of the canal, or even to require him to submit a new bid for the contract. Mr. Oliver had informed the president that it was his desire to submit an independent bid for the work, and that when the canal commission officials informed him that it would be necessary to form a partnership with some other contractor, he was so far as to suggest that he enter into an agreement with Anson M. Bangs of New York City. Mr. Oliver told the president that with this assurance as to the reliability of Mr. Bangs, he immediately entered into an agreement with the New York contractor.

Powerful influences were brought to bear on the president and Secy. Taft to reject all bids and advertise for new proposals, but the president insisted that Mr. Oliver should be given a reasonable time in which to make a satisfactory arrangement to substitute some other contractor or group of contractors to take the place of Mr. Bangs. At the White House conference on Saturday night, the friends of the McArthur-Gillespie syndicate argued that the contract figure should be increased to 9 percent of the total cost of construction, and that the contract be awarded to Oliver, McArthur and Gillespie. This suggestion, however, did not meet with the approval of the New York firm, who insisted that they could not undertake the work for less than 12.50 percent of the total cost, the figure mentioned in their original bid. The president, Secy. Taft and the canal commission officials then decided to award the contract to Mr. Oliver, provided he could make satisfactory arrangements with at least two other financially responsible contractors. Secy. Taft and R. R. Rogers, general counsel to the canal commission, were in conference with the president for two hours tonight and the whole matter was again gone over. At the close of the conference, the president, Mr. Rogers prepared the official statement for the press.

When informed of the statement issued by direction of the president, Mr. Oliver's representatives said tonight: "There is absolutely no doubt about Mr. Oliver being able to fulfill the requirements of the canal commission. There are now at least 20 of the most responsible contractors in the United States who have expressed a willingness to join Mr. Oliver in the construction of the canal at the figure mentioned in this original bid. These names will be submitted to President Roosevelt with proof of their financial ability. Before entering into another arrangement, Mr. Oliver wants to know positively that the contractor he chooses will be acceptable to the government."

The official statement given out tonight follows: "As a result of conferences at the White House, it was today announced by the Isthmian canal commission that in view of assurances that had been received from Mr. Oliver and capitalists associated with him, that Mr. Oliver was prepared to make good his bid to complete the reconstruction of the Isthmian canal at a percentage of 6.55 with an organization of contractors and with financial resources in full compliance with the requirements of the invitation for bids, he will be given an opportunity to do so. Mr. Oliver has been notified that within 10 days he will be required to submit a list of at least two independent contractors whose skill and experience combined with his own shall cover the entire field of work to be performed under the contract, and that organization of contractors for the express purpose of carrying out the proposed contract, with a capital of \$5,000,000, of which not less than \$1,500,000 paid in cash, and \$3,500,000 in the form of solvent subscriptions shall be available for the purpose of carrying out the contract, and of which the remaining \$2,000,000 may be devoted to the purchase of stock, or a bond, as required by the contract, or of substituting in lieu thereof, in whole or in part, and subject to the conditions of the bond, cash or current securities satisfactory to the commission. Satisfactory assurances not having been received that the financial standing of Mr. Bangs met the requirements of the invitation by direction of the president he has been rejected as a participant in the bid filed by Messrs. Oliver and Bangs.

"The privilege has been extended to Messrs. McArthur and Gillespie, the only remaining bidders whose bid has been deemed worthy of consideration,

to either withdraw their pending bid or to allow it to stand and abide by the result of Mr. Oliver's efforts to make good his bid as herein outlined, then to be considered upon its merits. The other bids have been rejected because informal and in the case of the highest bid, excessive as well.

GOV. SWETTENHAM HAS TENDERED HIS RESIGNATION.

Kingsport, Jan. 27.—It is understood that Gov. Swettenham, tendered his resignation to Lord Elgin, secretary for the colonies, a few days ago in consequence of the Admiral Davis incident and his inability to solve the problem created by the earthquake. On Saturday the governor visited the temporary offices of the municipal council and informed the vice chairman, who is acting in the absence of Mayor Taylor, that he intended that the government had decided to relieve the people of Kingsport from all rates and taxes for a period of 15 months, beginning the 1st of January. The announcement has been received with gratification by the residents of the city, who will be encouraged to start the work of rebuilding as early as possible.

The Most Reverend Enos Nuttall, archbishop of the West Indies, in an interview said that the municipal council was unable to deal with the present extraordinary emergency and should be abolished and one commissioner with full powers should be appointed to govern the city during the period of reconstruction. He also declared that in addition to the generous contributions from the United States, Canada and elsewhere, it was absolutely necessary to obtain an imperial grant and a large imperial loan to rebuild Kingsport, more particularly in view of the attitude of the English fire insurance companies, which have disclaimed all liability for losses sustained in the earthquake and fire.

BUFFALO WHIPS BULL.

El Paso, Tex., Jan. 27.—Ten thousand people gathered at the Jaurez Plaza de Toros this afternoon to witness a fight between a buffalo and a bull, in which the buffalo was the victor. During the preliminary bullfights, Complexo, a matador, was tossed over the fence by a bull, which then jumped the fence, landing on the matador, who was seriously hurt.

FATAL FIGHT FOR WATER ON THE DESERT.

El Paso, Tex., Jan. 27.—In a fight for water, which began last night on the Arizona desert Friday, one prospector was wounded and the owner of the waterhole, with its slender and insufficient supply of water, in that barren region, was killed.

After two weeks' prospecting for gold on the desert, two young brothers, Bill and Lynn Desplain, nearly perishing for thirst, came upon a water-hole known as "Ben's well," 25 miles from Salome, Ariz. An old man named Jones had taken possession of the waterhole and forbade the prospectors filling their empty kegs, refusing to let them continue to replenish their supplies from the hole, when Jones seized his rifle and opened fire upon them and the fight began. When it was over Jones was dead and Bill Desplain was badly wounded.

THOUSANDS PAY TRIBUTE TO GEN. ALGER'S MEMORY.

Detroit, Mich., Jan. 27.—Nearly 30,000 persons paid tribute this afternoon to the memory of Senator R. A. Alger as his body lay in state in the city hall. For three hours and a half a continuous line of people passed through the corridors for a last look at the dead senator.

Pathetic and moving incidents abounded as the throng passed before the open casket. Old soldiers who had served in the Civil war with him, saluted as they slowly marched by the body of their old commander with tear-dimmed eyes.

TARIFF RELATIONS WITH GERMANY

Berlin Conferences on Them End-
ed and Good Understand-
ing Arrived At.

NO TREATY WAS NEGOTIATED.

Commissioners Lacked Power—Basis
Established But no Commitments
Were Made.

Berlin, Jan. 27.—The conferences of the American and German tariff commissioners ended Friday. S. N. D. North, who was head of the American delegation, will sail for the United States next Wednesday.

James L. Gerry and Nathan I. Stone, the other delegates, will remain here to complete the translation of the protocols.

The Associated Press some days ago requested both commissioners to authorize the publication of a summary of the results of the negotiations. The American commissioners prepared such a summary, and it was discussed and modified in a session of the joint commission. In its final form, it is as follows: "The sessions of the commissions have been harmonious from the start, and nothing occurred at any point to interfere with the cordial and friendly relations originally established. These sessions have been largely devoted to an interchange of information as to the customs methods of the two countries and the reasons therefor. No commercial treaty has been negotiated because the American commissioners had been given no authority to make such a treaty; but in the course of the proceedings there had been established a basis upon which a commercial treaty might be concluded, provided the consent of the legislatures and the American Congress be given.

"So far as both governments are concerned, no commitments have been made, but the understanding is such that if the two governments shall desire to enter into a commercial agreement the preparatory work has been done.

The members of both the German and American commissions feel very strongly that even if a commercial agreement or treaty should follow, the interchange of views and information has been of the utmost value in adding a continuous method of the two countries and the reasons therefor. No commercial treaty has been negotiated because the American commissioners had been given no authority to make such a treaty; but in the course of the proceedings there had been established a basis upon which a commercial treaty might be concluded, provided the consent of the legislatures and the American Congress be given.

The foreign office will issue an announcement tomorrow identical with the foregoing. Following diplomatic usage, the American commissioners felt that the details of the results reached ought to be laid before President Roosevelt first, while the German commissioners desired them published until after the reichstag elections and the re-ballots, which in many districts will not be finished until Feb. 5.

It will do no harm to add that the commissions arranged a plan, which with the approval of President Roosevelt and the reichstag, will avoid tariff hostilities; and, as alluded to in the foregoing authorized summary, a basis for a long-term arrangement to the mutual agreement of both peoples was fully considered.

A FREE SYNAGOGUE.

Movement to Establish One in New York Formally Launched.

New York, Jan. 27.—The movement to establish what will be known as "free synagogues" was formally launched today at a meeting in the Hudson theater, at which the founder, Rabbi R. S. Wise, formerly of Port Jervis, N. Y., delivered the first of a series of addresses. He referred to his call to occupy the pulpit of a New York synagogue, which was not acceptable, he said, because certain restrictions were placed upon the worshippers. Dr. Wise declared that the suspicion that the ministry of both the Christian and Jewish religion was controlled and owned by the rich, and that the ministers thereof were "puppies of the wealthy," was partially, at least, borne out by the conduct of the ministers themselves.

The axiomatic minister," he declared, "is a tolerated social necessity, who prefers peace and servility to truth and freedom. Even if the Jews would still be the duty of this synagogue to proclaim the message to them on the one day in the week when it is possible to reach them. If we must sacrifice the form of the Sabbath we will conserve its substance."

THE TOWNSEND MURDER.

Moses Silverman, Hackdriver, Arrested and Charged With It.

New York, Jan. 27.—Moses Silverman, the St. George hackdriver, who was arrested after Dr. Charles Wilkes Townsend, a prominent physician, had been shot and mortally wounded at his home in New Brighton, Staten Island, yesterday, was arraigned in court today and held in \$25,000 bail for further examination.

Little light was thrown on the case. The police do not entertain the theory of burglary, no money was stolen, and hold to the opinion that a personal grievance was avenged in the death of the doctor.

Mrs. Silverman today said she and her husband entertained callers until after midnight, Friday night. The husband went to bed after the visitors left and did not leave the house again until 8:30 Saturday morning. Dr. Townsend, she said, was a well-known physician, 60 years of age, and had attended her husband shortly after that, but was never in the house again. Last week she communicated with Dr. Townsend to engage his services again. He did not call at the house.

A BABY ELEPHANT ENTERTAINED AT LUNCHEON.

The scene herewith portrayed was enacted recently in the apartment of a New York actress. She invited several of her friends to luncheon, and while it was being served the door opened and in strode the baby elephant, Little Hipp, followed by his trainer. It was a surprise planned by the hostess, and it was a great success. The apartment was on the sixth floor, and the animal had ascended five flights of stairs. He sat in a chair and partook freely of the refreshments that were given to him.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Draggings, Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.
